The restrictions, conditions, covenants or agreements set forth above shall continue for a period of twenty (20) years from the 16th day of March, 1972, and shall be automatically extended for successive periods of ten (10) years unless changed, altered, amended or revoked in whole or in part by the owners of the lots in the Subdivision whenever the owners of at least two-thirds of the said lots so agree in writing, or by action of the Lake Royale Property Owners Association, Inc. at a meeting duly called for said purpose by a vote of at least two-thirds of the members present thereat or voting by absentee ballot or by electronic means. Any invalidation of any one of these covenants or restrictions shall in no way affect any other of the provisions thereof which shall thereafter remain in full force and effect. 27

15. Amendment to the Restrictive Covenants: 18 27

These Restrictive Covenants may be altered, amended, repealed, consolidated and new Restrictive Covenants may be adopted in whole or in part by the owners of the lots in the Subdivision whenever the owners of at least two-thirds of said lots so agree in writing or by action of the Lake Royale Property Owners Association, Inc., at a meeting by a vote of at least two-thirds of the members present thereat, voting by ballot or voting by absentee ballot or voting by electronic means, if a copy of the proposed change is mailed to the members of the Association no less than 30 nor more than 60 days before the date of the meeting. Any proposed Amendment to these Covenants, whether submitted by a member of the Association (includes Board of Directors) or by written petition signed by at least 10% of property owners in good standing must be received by the General Manager of the Association not later than March 1st of the current year. Note: Prior to submission of an amendment or petition, the property owner may consult the By-laws and Covenants Committee for assistance in drafting and/or formatting the proposal.

In early March, the By-laws and Covenants Committee will submit to the Board of Directors a summation of all proposed amendments received on or before March 1st. The Board of Directors will review these amendments and those approved by the Board of Directors will be processed by the By-laws and Covenants Committee, and then resubmitted to the Board of Directors for placement on their ballot form.

The Board of Directors may approve or disapprove placing an amendment on the ballot but not a petition. If a property owner submits an amendment to the Board of Directors and it is turned down by them, the property owner may resubmit the amendment as a written petition. A property owner may also bypass the Board of Directors entirely and just submit a written petition on his/her own. The petition form on which signatures will be collected must include a reasonable amount of written explanation, but must not tell a member how to vote. A property owner in good standing may only sign the petition form once, regardless of the number of properties owned. This in no way hinders the property owner's ability to vote on ballots multiple times based on the number of lots owned.

The completed petition form must be submitted in duplicate:

- A. The **original** petition form must be received by the General Manager of the Association by March 1st of the current year. The General Manager will then promptly forward the written petition on to the By-laws and Covenants Committee to ascertain the legality of the proposed amendment, review it for accurate wording, make necessary changes (if needed) and format to the prevailing standards prior to having it mailed to the members of the Association.
- B. A **copy** of the petition form must be received by the Secretary of the Lake Royale Board of Directors by March 1st of the current year.
